Part III STATEMENT OF REASONS FOR ALLOWANCE

The prior art of record teaches different ways of suspending a current job and executing an interrupting job, but the prior art of record fails to teach, or suggest the claimed limitations of (in combination with all other features in the claims), an image forming device having a function for suspending a current job and executing an interrupting job wherein the judging portion does not permit the interrupting job to print data on paper when a paper feeding tray selected by the interrupting job corresponding to a tray selected by the current job but permits the interrupting job to print data on paper when the paper feeding tray selected by the interrupting job is different from the paper feeding tray selected by the current job, as recited by the independent claim. Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee, and to avoid processing delays, should preferably accompany the Issue Fee. such submissions should be clearly labeled "comments on statement of Reasons for Allowance".
